Suggestion for laying

Consigli per la posa • Ratschläge für die Verlegung • Conseil pour la pose • Советы по укладке

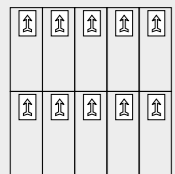

Refer to tile laying instructions inside the package.

Per istruzioni di posa seguire indicazioni all'interno della confezione.

Für Verlegehinweise beachten Sie bitte die der Packung beiliegende Anleitung.

Suivre les instructions de pose à l'intérieur de l'emballage.

смотри инструкции по укладке внутри упаковки.

To obtain the best results, the pre-cut pieces (both for decors and plain tiles) must be laid with the arrow on the back of the tile always pointing in the same direction (as shown in the diagram).

Per ottenere risultati estetici ottimali, i pezzi preincisi (sia per i decori che per i fondi) vanno posati mantenendo la freccia posta sul retro della mattonella sempre nella stessa direzione (vedi disegno).

Zur Erzielung optimaler Ergebnisse im Hinblick auf die ästhetische Wirkung, je für die Dekorationen und die Unifliese, werden die gekennzeichneten Elemente so verlegt, dass der Pfeil auf der Rückseite der Fliese immer in die gleiche Richtung weist (siehe Zeichnung).

Pour obtenir des résultats esthétiques irréprochables, les pièces prédécoupées (soit pour les décors que pour les fonds) doivent être posées en veillant à toujours orienter la flèche apposée au dos du carreau dans la même direction (comme indiqué sur le schéma).

Для достижения оптимального эстетического результата, элементы с насечками (как декоры, так и фоновая Плитка) должны укладываться таким образом, чтобы нанесенная на задней стороне плиток стрелка была обращена в одном направлении (см.рисунок).
