METASTONE

PassingTrace

La traccia del passaggio, un soffio che si appoggia e resta impresso nella roccia. Metastone è la collezione in gres porcellanato effetto pietra ispirata all'ardesia rivisitata in colorazioni che conferiscono sfumature di colore, talvolta in toni neutri, talvolta in toni vivaci come un tramonto africano.

The trace of passage, a breath that rests and remains imprinted in the rock. Metastone is the stone-effect porcelain stoneware collection inspired by slate revisited in colors that give shades of color, sometimes in neutral tones, sometimes in vivid tones like an African sunset.
